o lose weight. Nigerian cuisine offers a variety of delicious and nutritious foods that can be included in you
r weight loss plan. The key is to focus on portion control, choosing nutrient-dense foods, and reducing the

consumption of high-calorie and unhealthy options. Here's a sample Nigerian-inspired weight loss diet plan:

Breakfast:
- Boiled or poached eggs with sliced tomatoes and spinach.
- A small serving of moi moi (steamed bean pudding) made with less oil.
- A side of cucumber and bell pepper slices.
- Unsweetened green tea or black coffee.

Mid-Morning Snack:
- A handful of mixed nuts (almonds, walnuts, or peanuts).
- A small apple or a few slices of watermelon.

Lunch:
- Grilled or baked chicken or fish with a side of mixed vegetables (okra, green beans, carrots, and cabbage).
- A small portion of jollof cauliflower rice (cauliflower rice cooked with tomato sauce and spices).
- Fresh salad with lettuce, cucumber, cherry tomatoes, and a light vinaigrette dressing.

Afternoon Snack:
- A small cup of Greek yogurt or natural yogurt with a few berries.

Dinner:
- Vegetable soup (with spinach, ugu, waterleaf, and other greens) cooked with lean meat or fish.
- A small serving of boiled plantains or sweet potatoes.
- Sautéed or steamed broccoli as a side.

Evening Snack (if needed):
- A slice of watermelon or a small orange.

Tips:
1. Stay hydrated throughout the day by drinking plenty of water.
2. Limit your intake of fried and oily foods, as well as sugary snacks and drinks.
3. Instead of using palm oil or vegetable oil in cooking, try using small amounts of healthier alternatives like olive oil or coconut oil.
4. Practice portion control and be mindful of your food portions.
5. Regular physical activity and exercise are crucial for weight loss, so try to incorporate activities you enjoy into your routine.

Remember, a healthy weight loss plan should be sustainable and tailored to your individual needs and preferences. Consulting with a registered dietitian or nutritionist can provide personalized guidance and support in achieving your weight loss goals while enjoying Nigerian cuisine.

Been wanting to read that power blah blah but still couldn't
[02/09/2023, 13:55:48] Fatima Hassan: Oh
[02/09/2023, 13:55:57] Npm Create T3app: It nice honestly it teachers u about life maybe how someone went through some hurdles . In general they make someone smart
[02/09/2023, 13:55:59] Fatima Hassan: okayy
[02/09/2023, 13:56:05] Npm Create T3app: By the way ya test ?
[02/09/2023, 13:56:17] Npm Create T3app: Don't tell me u enjoy them
[02/09/2023, 13:57:56] Fatima Hassan: Yeah they do
But still boring
I just like reading a books with very good story lines
Unpredictable stories whether real life situations or not
[02/09/2023, 13:58:51] Fatima Hassan: I don't normally read strictly romance books
But almost all stories have a bit in them right?
I've read mostly fantasies
[02/09/2023, 13:59:37] Fatima Hassan: I hardly read sef
A single book can take me about 3 months or more
[02/09/2023, 14:03:07] Npm Create T3app: Let me give u an example of why they are interesting. Like take the bruj khalifa building koh at that it was a huge engineering challenge right but somehow they still made it , so the engineer might decide to write a book on how they overcame that challenge and us as the readers can also apply that concept to our daily lives or our work
[02/09/2023, 14:03:47] Npm Create T3app: I see so ur one of those I can't wait for my rich Prince Charming to come take me from zaria and we traveling around the world
 [02/09/2023, 14:03:51] Npm Create T3app: sticker omitted
[02/09/2023, 14:03:59] Npm Create T3app: How is your test ?
[02/09/2023, 14:12:10] Npm Create T3app: was*
[02/09/2023, 14:25:49] Fatima Hassan: I know right
I know they are, but they are boring
[02/09/2023, 14:26:56] Fatima Hassan:
By fantasies I meant something like game of thrones
Bruh
[02/09/2023, 14:27:21] Fatima Hassan: Alhamdulillah
[02/09/2023, 14:45:52] Npm Create T3app: Ohhhh   I have seen alot of fantasies readers do that was why

I made the assumption
[02/09/2023, 14:46:01] Npm Create T3app: On a scale of 1-10
[02/09/2023, 14:46:23] Npm Create T3app: But educative
[02/09/2023, 14:48:30] Npm Create T3app: But it's get toxic at some point sha
[02/09/2023, 15:05:24] Fatima Hassan: Yeah

Lol wth
[02/09/2023, 15:05:24] Fatima Hassan: 8
[02/09/2023, 15:05:24] Fatima Hassan: How?
[02/09/2023, 15:09:58] Npm Create T3app: they are people who tied ur success to reading books
[02/09/2023, 15:11:01] Npm Create T3app: and I generally sometimes the book make one question reality
itself
[02/09/2023, 15:11:39] Npm Create T3app: i am sounding like a nerd here
[02/09/2023, 15:11:51] Npm Create T3app: hard copy or soft?
[02/09/2023, 15:30:34] Npm Create T3app: But one thing i was successful is stopping instagram

[02/09/2023, 16:03:22] Fatima Hassan: Yeah

[02/09/2023, 16:04:22] Fatima Hassan: Boredom also makes you do that
Soo
[02/09/2023, 16:04:22] Fatima Hassan: Nooo

[23/09/2023, 16:49:47] Fatima Hassan: That's if you don't want to read at all
Then definitely theory
[23/09/2023, 16:50:09] Fatima Hassan: But if you know you're going to read
Objective is easier
[23/09/2023, 16:50:33] Fatima Hassan: And again if you know you're unlucky in life
[23/09/2023, 16:53:13] Npm Create T3app: Someone like me will definitely not read

[23/09/2023, 17:19:45] Fatima Hassan: Was it his fault?
[23/09/2023, 17:24:31] Npm Create T3app: Almost all fresher comes with that mindset
[23/09/2023, 17:24:40] Npm Create T3app: Yep 100%

[23/09/2023, 17:25:00] Npm Create T3app: He wants us to copy his text book word for word

[23/09/2023, 17:29:13] Fatima Hassan: That's what they do
But then that's really fine by me
Where i draw the line is is if they go outside the handout or didn't give the handout at all   ♀
[23/09/2023, 17:29:39] Npm Create T3app: Yep   believe me
[23/09/2023, 17:30:54] Npm Create T3app: Well I am not okay with that honestly mostly when it's maths ,
 cuz everybody solves question differently and also for me sometimes I do skip steps cuz I believe the tea
cher should know that even a primary student will know that step
[23/09/2023, 17:32:12] Npm Create T3app: I am not really good at cramming so I try my best to understan
d it and explain it in my own words
[23/09/2023, 17:33:58] Fatima Hassan: Ok
[23/09/2023, 17:34:10] Fatima Hassan: Yeah exactly
[23/09/2023, 17:36:10] Fatima Hassan: I have always been good at it
So if a lecturer really wants our own understanding i give them
If the lecturer wants what he gives he gets what he gives
You just have to know how to do all
Or else   <This message was edited>
